## **Bobby McKinsey**

**Director**

Bobby joined Stream in 2021 and is a Director in the Construction Management division for Stream Carolinas. Bobby came to Stream with eight years of General Contractor experience performing preconstruction and construction activities for projects in aviation, speculative office, corporate office, data technology, higher education, tenant interiors, and multifamily markets nationwide. He brings a background of working in the North and South Carolina construction market including Raleigh, Charlotte, Clemson, Columbia, and Charleston. Bobby is an active member in the Charlotte community through his church including leading church youth group, mission trips, habitat for humanity builds, and Charlotte area mission projects.

### **Education & Designations**
