Danielle Rountree

Director, Client Services - Stream Data Centers

Danielle has been a part of Stream since 2013, when she joined Stream Realty as an office property manager with more than a decade of experience. In 2014, she expanded her portfolio to include 1.2 million square feet of Class A office product. And in 2017, she was promoted to vice president of property management. Today, she cultivates relationships with strategic clients and provides oversight of the property management division of Stream Data Centers.

A graduate of Texas A&M University, Danielle currently serves on the BOMA Dallas Education Committee and is actively pursuing her CCIM designation. She obtained her real estate salesman license in 2005, her RPA designation in 2011, and her CDCMP designation in 2017.
