Dennis Skelly

National Managing Director, Property Management

Dennis Skelly, LEED AP, joined Stream in 2021 and is the National Managing Director of Property Management for Stream, bringing more than 22 years of commercial real estate experience. In this role, Dennis focuses on the oversight of the Property Management division, the exceptional service of new and existing clients, and leading the national operations platform.

Prior to joining Stream, Dennis served as Vice President of Real Estate Operations for Liberty Property Trust, where, for over 10 years, he led and supported high-performance property management teams in multiple markets across the U.S., including Houston, Dallas, Atlanta, Chicago, Phoenix, Southern California, and others. Dennis was also instrumental in the strategic repositioning of Liberty's national portfolio of assets totaling 110 million square feet, leading to the highly successful sale of the company in early 2020 to Prologis. Before joining Liberty Property Trust, Dennis was the Senior Property Manager for Donohoe Real Estate Services, a full-service commercial real estate firm in Washington, D.C., where he worked as the on-site Property Manager for several high-profile D.C. office assets, including The National Guard Memorial Building (third-party manager for the National Guard Association of the United States) and 4000 Wisconsin Avenue (the Fannie Mae Headquarters). He is an active member of IREM and BOMA.
