Mandy Fults

Vice President, Construction Management

Mandy Fults joined Stream Realty Partners in 2017 and currently serves as Vice President of the Construction Management Team in Dallas. She is responsible for co-leading the Dallas construction team in the management and oversight of various commercial real estate projects.

Primarily focusing on interior finish-out and capital improvement projects in both the office and industrial markets, Mandy is responsible for successfully planning, coordinating, and leading a team of consultants, architects, engineers, and contractors from the conceptual stages through project completion.

Prior to joining Stream, Mandy worked for Turner Construction Company for 15 years, building diverse industry experience in many sectors of the industry, including commercial, interior build-out, multi-residential and mixed-use, banking, government, healthcare, religious, and education.
